<Jakerl> Wait, you know the IP you blocked

<supergeeky1> Yeah?

<Jakerl> Well, somehow it is my IP

<supergeeky1> :|

<Jakerl> I didn't vandilize

<Jakerl> No

<supergeeky1> I'll look into it

<Jakerl> Well, now my user can't edit

*** mode/#swgames [+o supergeeky1] by ChanServ

<skyhawk> i was just looking for pictures of datapads and computer chips

<supergeeky1> Hmm...Tader hasn't shown up?

<Jakerl> I told Jack_Phoenix he said it was strange

<Jakerl> So, lets get this meeting started

<supergeeky1> "I call this meeting in session!"

* supergeeky1 bangs a gavel

<supergeeky1> :-P

<Jakerl> :P

<skyhawk> lol

<supergeeky1> Now, before we start it, I would like to warn everyone that this is going to be transcribed

<Jakerl> What?

<skyhawk> what does that mean

<skyhawk> oh wait that means recorded

<skyhawk> right?

<supergeeky1> Right

<Jakerl> :)

<supergeeky1> Jakerl, I unblocked you

<Jakerl> Thanks

<supergeeky1> NP

<supergeeky1> Okay, let's see what's on the agenda...

<supergeeky1> Officially changing the name to SWGames

<Jakerl> :X

<supergeeky1> I say we should

<skyhawk> i thought thats what the name is allready

<supergeeky1> No

<skyhawk> what is it

<supergeeky1> Star Wars Games Wiki

<skyhawk> oh

<supergeeky1> It's like Wookieepedia

<supergeeky1> It used to be Star Wars Wiki

<skyhawk> oh

<supergeeky1> Riff came up with Wookieepedia

<skyhawk> genius

<Jakerl> Yeah

<supergeeky1> So, anyone here that objects the idea of changing the name?

<Jakerl> No

<skyhawk> nope

* supergeeky1 bangs a gavel

<supergeeky1> :-P

<supergeeky1> Alright...

<supergeeky1> Star Wars Games Wiki is now SWGames

<supergeeky1> I will begin working on a new logo tonight

<supergeeky1> Oookaaaay.....

<Jakerl> Now its the topic is: Message Board features

<supergeeky1> Message board features

<supergeeky1> \Right

<supergeeky1> I think we have a good thing going with what we have, but are there any suggestions?

<skyhawk> one question, what is it and where

<supergeeky1> http://swgames.wikia.com/wiki/Forum:Message_Board

<skyhawk> h that thing

<skyhawk> oh*

<Jakerl> ITs like a forum

<supergeeky1> It's a place to have a general discussion about Star Wars and the game universe of it

<skyhawk> i tried to post something and it didnt work

<supergeeky1> You have to have a template first

<skyhawk> oh

<supergeeky1> I can make one for you if you would like

<skyhawk> sure

<supergeeky1> We'll get into that later

<skyhawk> ok

<Jakerl> I'm still blocked

<supergeeky1> Hmm...

<supergeeky1> I'll check it out in a sec

<supergeeky1> I was hoping to talk about the loss of admins and what to do about it, BUT we don't have any bureaucrats here

<supergeeky1> Now we have to skip over that

<supergeeky1> Here we are, a new IRC Meeting name

<Jakerl> O_o

<supergeeky1> We need one, like Wookieepedia has the Mofference

<Jakerl> :X

<supergeeky1> I was thinking about something like the Cantina or something

<skyhawk> Gammer Council?

<supergeeky1> Hmm....

<skyhawk> instead of Jedi Council

<supergeeky1> That's pretty good

<Jakerl> or something involving videogames

<Jakerl> TalkBox 360 :P

<skyhawk> lol

<supergeeky1> Hehe

<supergeeky1> I think for now we'll go with the Gamer Council

<skyhawk> JediBox 360

<supergeeky1> If we can come up with a better one, then we'll change it to that

<Jakerl> or Talkstation2 :P

<supergeeky1> Is anyone against the name?

<skyhawk> nope

<Jakerl> nah

* supergeeky1 bangs a gavel

<skyhawk> thats loud

<supergeeky1> Now on the agenda....

<supergeeky1> Image licensing and how not to get sued.

<Jakerl> :P

<supergeeky1> We need some volunteers (which I will be one) to license images

<Jakerl> I will

<supergeeky1> We are facing the possibility of getting sued right now

<skyhawk> you dont want me doing that

<supergeeky1> Alright, Jakerl and I will do some of that

<Jakerl> What?

<skyhawk> id probly accedently make it worse

<supergeeky1> No, not worse than right now

<Jakerl> So, how do I do it

<skyhawk> who sueing

<supergeeky1> I need to make templates first

<supergeeky1> I'll give you a page

<supergeeky1> Then we can start applying the templates to images

<skyhawk> a page of all those who want to sue, is it that bad

<supergeeky1> There is going to be quite a few, but you can only do some if you would like

<skyhawk> what im lost

<Jakerl> He's mostly talking to me

<supergeeky1> There are images that have licenses

<skyhawk> oh

<supergeeky1> And if we don't put the license on the image page...

<supergeeky1> We get sued

<skyhawk> ouch

<Jakerl> O_O

<Jakerl> uh

<supergeeky1> <http://swgames.wikia.com/wiki/Special:Imagelist>

<supergeeky1> Nearly all of these need licenses

<supergeeky1> I need to create a template for each license

<supergeeky1> Next on the agenda...

<supergeeky1> IRC regulars

<Jakerl> Wha

<supergeeky1> But I don't remember what that was about

<supergeeky1> So, skip to the next

<Jakerl> Forget it

<supergeeky1> Official Friends of...

<skyhawk> of what

<supergeeky1> Other sites

<Jakerl> I don't get Puppets wiki?

<Jakerl> Wha

<supergeeky1> Because Puppet Wiki is good

<supergeeky1> *Wikia

<Jakerl> It has nothing to do with star wars

<skyhawk> what about Wookieepedia

<supergeeky1> Wookieepedia doesn't accept friends who don't have anything to do with Star Wars

<supergeeky1> We do

<supergeeky1> We are friends with them...

<skyhawk> then where are they listed

<supergeeky1> But they haven't added us yet

<skyhawk> oh

<supergeeky1> We're not adding them until they do

<supergeeky1> Anyway...

<supergeeky1> We need to get more friends.

<supergeeky1> I MAKE NEW FRIENDS!!!

<supergeeky1> :-P

<Jakerl> :P

<skyhawk> lol

<Jakerl> Skyhawk, ever heard or Starkiller

<skyhawk> nope

<Jakerl> *of

<skyhawk> actually yes

<skyhawk> someone misttok me for him

<supergeeky1> <http://swgames.wikia.com/wiki/User:Supergeeky1/oldpage>

<supergeeky1> If you give that to anyone, I will be banned from Wookieepedia

<supergeeky1> I had to swear that if that ended up on Wookieepedia again, I could be banned

<supergeeky1> I've been contacting many wikis seeing if they would like to become friends

<skyhawk> ok

<Jakerl> http://starwars.wikia.com/wiki/User_talk:Jakerl

<Jakerl> its kinda funny

<Jakerl> It has starkiller in it

<Jakerl> "Hi, i'm Starkiller1996 and I want to ask if you want to be it? MTFBWUA."

<Jakerl> Hi, thanks for the WookieeCookiee my friend, and send me the Star Wars Comic,

<skyhawk> um do freinds have to be wikia sites

<skyhawk> <http://www.darksaber.gaylenol.com/> try making freinds with him, cant seem to be able to conntaked him

<supergeeky1> Anyway...

<supergeeky1> The X-Files Wiki has been in the voting process for a while

<supergeeky1> And nobody has voted

<skyhawk> <skyhawk> <http://www.darksaber.gaylenol.com/> try making freinds with him, cant seem to be able to conntaked him

<skyhawk> did you talk to star trek wiki

<supergeeky1> I'll contact him

<supergeeky1> No

<supergeeky1> Memory Alpha would probably reject us

<Jakerl> x-files wiki is scary

<skyhawk> why

<skyhawk> because we star wars

<supergeeky1> Star Wars and Star Trek don't go together very well

<Jakerl> its so dark

<skyhawk> i like star trek

<supergeeky1> I do too

<skyhawk> how about star gate

<supergeeky1> Contacted them

<skyhawk> and

<supergeeky1> No

<skyhawk> great

<supergeeky1> It's nearly dead

<skyhawk> wow

<Jakerl> like us

<supergeeky1> The admin there doesn't like me that much

<skyhawk> why

<supergeeky1> Eh...

<skyhawk> do you have link to there

<supergeeky1> I used to be "different" on #wookieepedia

<Jaker1> different?

<supergeeky1> Yep

<Jaker1> how?

<skyhawk> <http://www.atombender.de/swgwiki/index.php/Homepage> what about them

<supergeeky1> I didn't know, but I used to get on their nerves alot

<supergeeky1> I'll contact them

<supergeeky1> But I doubt they'll do it

<supergeeky1> They face the danger of being merged into SWGames

<Jaker1> So...now what?

<supergeeky1> Ah, yes

<Jaker1> Sub-Wikis.

<supergeeky1> Yep

<skyhawk> yay

<supergeeky1> I think we should make the Sub-Wikis an official thing

<supergeeky1> A community project

<Jaker1> Ah

<supergeeky1> That would mean, we might not have to label every page in said wiki

<supergeeky1> I bet skyhawk likes that

<skyhawk> yay

<supergeeky1> Oh, and btw, what is Clans?

<skyhawk> what?

<Jakerl> Thats what I said

<supergeeky1> Star Wars Clans?

<skyhawk> no, what is btw

<supergeeky1> http://swfanon.wikia.com/wiki/User:Darth_tader/_mandalorian_clan

<supergeeky1> Hmm...

<supergeeky1> What do I have to do?

<skyhawk> what?

<supergeeky1> If I join?

<supergeeky1> What do I have to do?

<skyhawk> to join what

<supergeeky1> SWClans

<skyhawk> be a clan

<skyhawk> clans join

<supergeeky1> And, do I get other people to join with me?

<skyhawk> just put clan under correct category

<skyhawk> in the clan

<supergeeky1> Just say I'm a clan member and that's it, or is there something else?

<skyhawk> in what clan

<skyhawk> wait my mom keeps talking to me about cloths and i cant concentrate

<supergeeky1> I dunno, I'll figure it out

<supergeeky1> <http://swfanon.wikia.com/wiki/StarKiller>

<skyhawk> wait you want to make a clan

<supergeeky1> I guess

<skyhawk> dont take advice from me, mine only has 3 members

<skyhawk> makes scence

<supergeeky1> Most likely

<supergeeky1> What did you want to bring up about user pages Jakerl?

<Jakerl> Anyway,Can we have youtube videoes on our page

<supergeeky1> Sure
